It will be seen from the orders, mentione above, that conditions during the period of the war necessitated the issue of those orders in the interest of speed and efficiency by eliminating unnecessary work. These conditions that existed during the period of the War do continue and are likely to continue to exist for some more Years. These orders may, therefore, be extended for 3 years

4. This Branch is concerned with the extensions of powers delegated to the S.Es. of Circles in G.R.No.5745/36, dt, 19-5-42, as amended by G.R. No.5745/36, dt.10-10-42. It will be seen from the proceedings underlying the G.Rs. that the conditions prevalent during the period of the war necessitat the issue of those orders in the interest of speed and efficiency by eliminating unnecessary work. Although there i no war the abnormal conditions do prevail these days and hav in fact been much aggravated due to the after-effects of the war. There is no possibility of these conditions being eased down for some time to come and thus enable restoration of normal conditions. These orders may, therefore, be extended for 3 years more i.e. upto 31-3-53.

5. The following items of powers refd. to in G.R. No.5745/

dt.....

dt. 19-5-42 require consideration and are noted upon as follows :-

Item No.4:- To sell or demolish structures not required for Govt. use". These powers have been restricted to the bldgs. or structures not costing more than Rs.2,000/- in each case vide G.R. No.5745/36, dt,10-10-42. These powers may be amplified as stated at item No.4 of the accompy. to the draft draft G.R. put up for appl.

Item No. 6:- To sanction the renting of office accommodation". In accordance with the G.R, under question full powers in respect of sanctioning of the renting of office accdn. have been given to the S.Es. of Circles. But according to Sr. No.5(a) (b) in G.R. No.5745/36, dt. 18-6-47, the S.Es. of Circles have been delegated powers.

(a) for renting of ordinary office accdn. when the accdn. is provided in a separate bldg. upto Rs.250/-

and

(b) for partly office, partly residential, upto half of the total rent subject to the maximum of Rs.100/-p.m. The original power may be substituted as shown at item No.6 of the accompt to the draft G.R, put up for approval.

The P.W.D. has forwarded for our concurrence with proposed orders at P 75 cs with the statement at p 55-73cs This Deptt. is concerned with the powers mentioned at § 11 & 12 (10 & 11) on P.56c which along with other powers are proposed to be continued for a further period of 3yrs. The orignal orders of Govt. under which the said two powers were delegated are not indicated in the statement at P.56c nor are they mentioned in the orders quoted in the body of the draft G.R. at P 75 c (corrigendum No.2356/48-IV, dt 20-12-50 is not traceable in the accompanying files). The P.W.D. may therefore be requested to indicate the original orders of Govt. under which the said two powers were first delegated temporarily

stationery & drawing materials urgently required to a maximum of Rs.50/- at a time by calling for quotations & accepting the lowest one & also after ascertaining from the Supdt. Govt. Printer & Stationery Bombay that the articles required are not with Please see statement showing powers to be delegated to the P.W.D. officers DD desires to know whether powers mentioned at item Nos. 11 & 12 were previously delegated to the officers and if so, under what number. As regards power refd to at item 11 it may be stated this power was not originally given to the P.W.D. officers. However under G.C.M No. S-172/54363 dt 24-12-47 S.Es of circles were delegated power to purchase locally stationery & drawing materials upto a maximum of Rs.100/- at a time after ascertaining from the Supdt. Govt, Printing & Stationery Bombay that the articles required were not available with him. This order was subsequently amended vide G.C.M. No.S.172/60778-d 19-11-48. In accordance with the orders issued in G.C.M No. S-172/21260, dt.24-3-51, the S.Es of Circle other officers of equivalent or higher rank & the Ex. Engrs have been delegated powers to purchase locally thro the CSPO stationery & drawing materials urgently required to a maximum of Rs.50/- at a time by calling for quotations & accepting the lowest one & also after ascertaining from the Supdt. Govt. Printer & Stationery Bombay that the articles required are not with him.

3. As regards the power refd to at item 12, it may be stated that u.o power has been previously delegated to the P.W.D officers.

4. The papers may be refd. u.o. to the D.D.

2., Pl. see the P.W.D. office note dt. 14-5-51. It will be observed that the delegation of the power of purchasing locally through the C.P.O. Sty. and drawing materials which are urgently required, upto a maximum of Rs.100 at a time after ascertaining from the S.G. P. & S. that the articles required are not available with him (S.No.11 p.56 c) made to the S.E.s and other officers of the P.W.D. of equivalent or higher rank, vide G.C., P.W.D. No.S.172/64363, dt.24-12-47 as modified by G.C., P.W.D. No.S.172/60778 dt.19-11-48, for a period of one year only is now proposed to be continued for a further period of 3 years from 1-4-50 to 31-3-1953. The initial period of 1 year commencing from the date of the G.C. (viz.24/12/47) is deemed to have expired on 23/12/48. It will be seen from the linked file No.S.172 of the P.W.D. received subsequently that these orders were extended for one year vide G.C.M., P.W.D. No. S.172/54363, dt. 24-12-47 and then under G.C.M., P.W.D., No.S.172/21260, dt.24/3/51, for the period ending 31-12-51. It is, therefore, not clear why the period for which these orders are proposed to be further continued is mentioned as from 1/4/50 to 31/3/53, which would mean partially overlapping with the above period. Besides, the P.W.D. has shown no justification for continuance of such delegation upto 31/3/53. That Deptt. may be requested to do the same now.

We advice that the question of extending the period may be considered when the present sanction is about to expire

3. As regards the power at S.No.12 on p.56c. viz. to approve of additions to model indents for the stationery articles with due regards to economy, it is clear from the P.W.D. office note of 14/5/51 (p.17 ante) that this power is proposed to be delegated to S.E.s of Circles for the first time and not "continued" from 1/4/50, as stated in the draft

Orders.....

orders at p.75c. The P.W.D. has not given any justification for this measure. As it is, in view of the present need for strict economy in the use of Sty. articles, it is not ~~desir~~ desirable to delegate this power.

I agree.

2. This Deptt. File No.S.172/37145 containing the G.C.Ms refd to in para 2 of the D.D. note dt. 8-6-51 has been rfd. u.o. to the D.D. & the F.D. on 19-5-51 & has not yet been recd. back. The orders permitting the S.Es. of Circles & other local officers to purchase locally, thro the C.& P.O articles of sty. & drawing materials that are urgently required hold good till 31-12-51. The D.D. advice to consider the question of extending this period when the present sanction is about to expire may be accepted. Item No.10 may accordingly be deleted from the statement accompanying the draft G.R.

The D.D. considers that it is not desirable to delegate to the S.Es. the power to approve of addns. to model indents for sty articles, in view of the present need for strict economy. As this power has not been delegated so far, it does not seem necy. to do so now. Item No.11 may also, therefore be deleted from the statement.

I do not agree.

The D.D. has not returned the papers thro the F.D. as intended that Deptt. may, therefore, see u.o. now

2. The S.Es. were given the powers to sanction addns. to model indents in 1942 vide G.R. No.5745/36, dt 19-5-42.These powers were not, however, continued when the orders in G.R. No. 5745/36 dt.18-6-47, were issued . In the present days of financial stringency it is necy. to exercise a strict control over purchase of articles etc. If the S.Es. are not given the powers they will have to approach Govt. for every addn. to the model indent. Such addns. will be carefully scrutinized and only if considered absolutely necy. may be sanctioned No/S.Es. seem to have approached Govt. for delegation of this powers & as far as office remembers there are hardly any cases where sanction to addns to the indent has been asked for. In the circumstances, this item(No.11) may be deleted from the statement as proposed.

The items which have been modified etc. are noted upon below :-

Srl. No. 1:- In accordance with Srl. No.35 of Appendix XXVII of the Bombay, P.W.D. Manual, Vol.II, the S.Es. have full powers to sanction rent statements for resdl. and

non-resdl. bldgs. subject to the conditions detailed in Col.5 of the Appendix. The conditions ~~detailed~~ mentioned at items (ii), (iii) & (iv) are absolutely necy. The subject minor ports has been was transferred to this Debt from the R.D in July 1949. No powers appear to have been delegated to the C.E. for according administration approval and technical sanction in respect of ports works . It is

desirable that Dy. of C.E. who is dealing with the portfolio minor parts is invested with powers in respect of these works as in the case of other state works. It is therefore suggested that the following powers in con. with the works pertaining to the minor parts (including intermidiate parts) may be delegated to the Dy. C.E.

were made. Also proposals to delegate more powers to Public Works Department Officers have been made by Mr. A.W.H.Dean C.I.E., M.C., E.D., in paragraph 5, Chapter IV of his "Report on an enquiry into the staff position of the Public Works Department" on the following grounds:-

(1) The increase in the powers will reduce red tape and expedite the execution of work.

(2) The pre-war limits were fixed in consideration of the usual values of works carried out in those days.

(3) The strongest reason is that a work that would have cost Rs.10,000 before the war now costs Rs.18,000 to Rs.20,000 and so is beyond the normal Executive Engineer's powers. The very minimum increase that should be made is an increase proportional to the increase in the cost of work.

2. Government considers that much would be gained by allowing officers generally more responsibilities not only by giving them greater financial powers but also by encouraging them to make decisions (within the framework of the general policy laid down by Government) with less reference to their superior officers. This would tend to reduce work, and eventually, overhead charges. In view of the above considerations and the fact that the costs of all work, labour and materials has risen by more than 100 per cent. as a result of the War, Government considers that the powers at present exercised by the Public Works Department Officers under Appendix XXVII of the Bombay Public Works Departments Manual, Volume II, should be increased in certain cases. Government is accordingly pleased to direct that increased powers as stated in the accompanying statement* should be delegated to Public Works Department Officers from the 1st June 1947 to the 31st May 1950 in the first instance.

3. The Chief Engineer, Public Works Department, will now exercise the same powers as a Chief Engineer to Government.

2/- The instructions issued for the curtailment of returns for the elemination of unnecessary work during the War, it is considered, do not require revokation or modification in view of the fact that there is acute shortage of experienced staff due to expansion of the P.W.D. consequent upon (i) the merger

With the abnormal increase of work more than in war time and submission of so many statements on account of P.W.R. Schemes and also looking to the fact that no undue inconvenience was caused on account of the discontinuance of these returns, the discontinuance may be extended till 1951, except the annual programme of surface repairs(the last item of the statement) which should at least be submitted by the Executive Engineer to the Superintending Engineer.
